

UNITED STATES DISTRICT COURT  
DISTRICT OF NEVADA

\* \* \*

CUNG LE, et al.,

Plaintiffs,

v.

ZUFFA, LLC, d/b/a UFC ULTIMATE  
FIGHTING CHAMPIONSHIP,

Defendant.

Lead Case No. 2:15-cv-01045-RFB-PAL<sup>1</sup>

**ORDER**

Before the Court is the parties' Stipulated Protective Order (Dkt. #217), which the Court approved to facilitate the parties' discovery exchanges. This Order is intended to remind counsel and the parties that there is a presumption of public access to judicial files and records. A party seeking to file a confidential document under seal must file a motion to seal and must comply with the Ninth Circuit's directives in *Kamakana v. City and County of Honolulu*, 447 F.3d 1172 (9th Cir. 2006).

Although the Court approved the blanket protective order, the parties have not shown, and this Court has not found, that any specific documents are secret or confidential. The parties have not provided specific facts supported by affidavits or concrete examples to establish that a protective order is required to protect any specific trade secret or other confidential information under Rule 26(c) of the Federal Rules of Civil Procedure or that disclosure would cause an identifiable and significant harm. The Ninth Circuit has held that parties seeking to maintain the confidentiality of documents attached to most non-dispositive motions must show good cause exists to overcome the presumption of public access. *See Kamakana*, 447 F.3d at 1179–80; *but*

<sup>1</sup> Member Case Nos.: 2:15-cv-01046-RCJ-NJK; 2:15-cv-01055-APG-GWF; 2:15-cv-01056-RFB-GWF; and 2:15-cv-01057-JCM-CWH.

1 *see Ctr. for Auto Safety v. Chrysler Grp., LLC*, 809 F.3d 1092 (9th Cir. 2016) (standards courts  
2 apply to sealing requests turn on the relevance of the documents to the substantive merits of a  
3 case—not the relief sought). Parties seeking to maintain the secrecy of documents attached to  
4 dispositive motions must show compelling reasons sufficient to overcome the presumption of  
5 public access. *Id.* If a sealing order is permitted, it must be narrowly tailored. *Press-Enterprise*  
6 *Co. v. Superior Ct. of Cal., Riverside Cty.*, 464 U.S. 501, 512 (1984). The sealing of entire  
7 documents is improper when any confidential information can be redacted while leaving  
8 meaningful information available to the public. *In re Roman Catholic Archbishop of Portland*,  
9 661 F.3d 417, 425 (9th Cir. 2011).

10 Under *Kamakana*, the party who designates documents as confidential must submit a  
11 memorandum of points and authorities to the Court presenting articulable facts that identify the  
12 interests in favor of the documents' continued secrecy and showing that these specific interests  
13 outweigh the public's strong interest in transparency. Here, if an opposing party files a motion to  
14 seal certain documents based on the parties' Stipulated Protective Order (Dkt. #217), the  
15 *designating party* is required to file within 14 days an appropriate memorandum of points and  
16 authorities making a particularized showing why the documents should remain under seal or why  
17 the designating party should be allowed to file a redacted version. If the designating party fails  
18 to timely comply with this Order, the motion to seal will be denied and the Clerk of the Court  
19 will be directed to unseal the documents to make them available on the public docket.

20 In addition to *Kamakana*, the parties are required to follow the proper CM/ECF  
21 procedures for any requests to seal judicial records. The Local Rules of Practice provide that the  
22 electronic record is the court's official record and require the Clerk of the Court to maintain the  
23 official files all cases in electronic form. *See* D. Nev. LR IC 1-1 (amended May 1, 2016).  
24 Pursuant to LR IA 10-5, attorneys must file documents under seal using the court's electronic  
25 filing procedures:

26 Unless otherwise permitted by statute, rule, or prior court order, papers filed with  
27 the court under seal must be accompanied by a motion for leave to file those  
28 documents under seal. If papers are filed under seal under prior court order, the  
papers must state on the first page, directly under the case number: "FILED  
UNDER SEAL UNDER COURT ORDER (ECF No. \_\_\_\_). All papers filed under

1 seal will remain sealed until the court either denies the motion to seal or enters an  
2 order unsealing them.

3 *See* D. Nev. LR IA 10-5(a).

4 To streamline the process of sealing or unsealing documents as may be necessary, first, a  
5 party must file its underlying brief or motion. Second, the party files its motion to seal on the  
6 *public docket* without the confidential documents and “links” this motion to seal in CM/ECF to  
7 the underlying brief. *See* D. Nev. LR IC 2-2(d).<sup>2</sup> For example, if a party asks to seal exhibits  
8 pertaining to a motion to dismiss, the party would link the motion to seal in CM/ECF to the  
9 motion to dismiss it previously filed. Third, the party files the confidential documents *under seal*  
10 in CM/ECF as “Sealed Exhibit(s)” and links the sealed exhibit(s) to its motion to seal. To submit  
11 both a redacted brief on the public docket and unredacted brief under seal, the party will: (1)  
12 publically file the redacted brief; (2) publically file the motion to seal, linking it to the redacted  
13 brief; and (3) file the unredacted brief under seal as a “Sealed Exhibit,” linking this sealed  
14 exhibit to its motion to seal.

15 Each document or exhibit that a party seeks to file under seal must be filed as a separate,  
16 searchable Portable Document Format (PDF). D. Nev. LR IC 2-2(a), LR IA 10-3. When  
17 portions of a filing may be sealed, litigants must not combine their motion to seal, memorandum  
18 of points and authorities, declaration, and/or exhibits into one PDF document and then file that  
19 single PDF as the “main document” in CM/ECF’s document upload screen. D. Nev. LR IC 2-  
20 2(a)(3)(A). This practice makes it impossible for the Clerk of the Court to unseal specific  
21 documents the Court finds should not be sealed because the docketing clerks cannot separate the  
22 pages for sealing purposes. *See* D. Nev. LR IA 10-5(b). Instead, the Local Rules require  
23 litigants to save *each* document or exhibit they want sealed as a separate PDF document and then  
24 file each PDF in CM/ECF’s document upload screen as “attachments” to a main document. The  
25 shortcut of filing only one PDF inevitably causes additional work for the Court, the clerk’s  
26 office, and litigants. Should leave to file under seal be granted for some but not all documents,

---

27 <sup>2</sup> If the motion to seal itself contains confidential information, the moving party may file a *redacted*  
28 motion to seal on the public docket and an *unredacted* motion under seal with the sealed exhibits.  
However, this practice is disfavored as litigants should attempt to meet their burden under *Kamakana*  
without specific references to confidential information.

1 the Court must then order litigants to refile the unsealed documents, rather than simply  
2 instructing the clerk's office to unseal the documents the Court has found should not remain  
3 sealed.

4 The Court's review of any motion requesting leave to file under seal will be complicated  
5 by the parties' failure to properly file their exhibits through CM/ECF. Counsel are responsible  
6 for instructing their staff regarding the correct procedures for filing under seal. The parties are  
7 encouraged to contact the CM/ECF Helpdesk at (702) 464-5555 prior to filing should they have  
8 any technical questions. For additional direction, the parties may also refer to the updated  
9 procedures in *CM/ECF Version 4.0 Enhancements and Changes*, which is available on the  
10 Court's website.

11 Accordingly,

12 **IT IS ORDERED** that, with respect to filing documents under seal, the parties must  
13 comply with: (1) the Local Rules of Practice regarding electronic filing and filing under seal, (2)  
14 the Ninth Circuit's opinions in *Kamakana v. City and County of Honolulu*, 447 F.3d 1172 (9th  
15 Cir. 2006) and *Center for Auto Safety v. Chrysler Group, LLC*, 809 F.3d 1092 (9th Cir. 2016),  
16 and (3) the CM/ECF filing instructions stated herein.

17 Dated this 11th day of May, 2016.
